

Former Ingleton House Site

PUBLIC EXHIBITION

Planning permission was granted for the regeneration of the former Ingleton House site, back in March 2024. Since then, construction costs have increased significantly, and the Council has reviewed the type and mix of homes it requires to better meet the needs of local people currently on the councils affordable housing waiting list. As a result, changes to the original scheme are needed to ensure the site remains financially viable and able to deliver much-needed affordable housing.

Please come and see us at our Public Exhibition, where you can view the revised proposals, learn more about the changes, and share your thoughts and views with us.

Thursday 5th February 2026

From 2pm to 7.30pm

**The Parish Rooms, Stock Lane,
Ingatestone.**

Visit the website for more information:
